2024 BUDGET MESSAGE

Services Provided:

Through its Service Plan, the Chatfield South Water District, (the "District") was formed in November 1997 to provide water service to residents within the Chatfield South Water District's service area.

Revenue:

The source of funds for District Administration in 2024 is Ad Valorem taxes. The District certified a mill levy of 5.000 mills for the 2024 budget year for administrative expenses, which will yield \$51,745 in property tax revenue.

The District approves water rates annually and invoices its customers each billing period for the cost of water used through each water meter as well as a pre-determined Service Fee. These revenues are then used to fund District Water Supply Operations.

Expenditures:

Administrative expenses will be primarily for legal services, utility billing, insurance premiums, management, audit, and accounting costs.

Operational expenditures will be primarily for the delivery of potable water, water quality testing, engineering, system maintenance, and Capital improvements.

Accounting Method:

The District prepares its budget on the modified accrual basis of accounting.
